In almost all cases Holland America is able to come up with a satisfactory solution to any issues which are raised and make sure you can focus on enjoying their cruise vacation. In the unlikely event Holland America cannot satisfactorily resolve the issues through their guest satisfaction program, you will be able to adjust the service charge according to the level of inconvenience you feel you have experienced. Holland America's clear priority is to have the opportunity of resolving the issue, when it happens, to everyone's complete satisfaction. Unlike other ships in the cruise industry, there is no required or recommended tipping on Holland America Line Ships for services that are generally rendered to all guests. However, all Holland America staff is encouraged to "go the extra mile," and so they are permitted to accept discretionary cash gratuities from guests who wish to acknowledge exceptional or outstanding service from particular staff members. In other words, for service that is generally rendered to all guests, there is genuinely no need to tip, but please feel free to do so if you have a desire to acknowledge particular individuals. Certain staff members provide optional services on an individual basis to some guests. We encourage those guests to acknowledge good service from these staff members with appropriate gratuities. For example, for guests using concierge and butler services, we recommend they consider offering a gratuity commensurate with services rendered.
